## COUNTY NEWS NOTES.

To insure insertion ALL correspondence must be in this office by Monday night of each week, and that nearly on Monday morning.

Our correspondents are derelict in duty and we want to say that henceforth they will not receive papers except for the week they have news letters. We are dependent upon them for the news and when they fail to send in their favors they put us to great inconvenience.

### SWANGO SPRINGS SAYINGS.

Miss Eliza Nickell was in your town shopping Friday.

Rush Swango went over to Camp-ton Saturday to see the base ball game.

J. K. Cockeram, proprietor of the Combs house at Campton, gave us a call Thursday.

Felix Craft and wife attended the meeting at Salem Saturday and Sunday.

Ova Swango and wife, of Hazel Green Heights, were pleasant callers at the Springs Monday.

Mrs. D. B. May spent Thursday with her sister-in-law, Mrs. W. P. Cecil, and reports her improving.

Messrs Bascom and Rice, of Sharpsburg, arrived here Sunday for a lengthy stay at the Springs.

Jack frost, an uninvited guest, was with us part of last week and we are sorry to say, he was such a big eater he scarcely left us with anything in our garden.

S. H. Nickell and Miss Mabel Cross, of the academy lodge, were taking in the sights and enjoying a horse back ride out this way Friday. This certainly is one case in which the Cross is no burden, but seemingly of much pleasure.

May 14. Uno.

### SUNNY SIDE.

Grant Lacy came up Sunday to see his parents, Uncle Newt Lacy and wife.

J. T. Day lost several panels of fence by fire last week. No insurance.

Our landlord spent Saturday in Campton, and reports a fine large day over there. Ha! ha!

Uncle Rastus Brooks is visiting his daughter, Mrs. Tinnie Spencer, of Menefee county, this week.

Aunt Kitty Nickell, of Grassy, is spending a few days with her brother, J. E. Brooks and family.

Ova Swango attended the base ball at Campton Saturday. Guess he had a good time, he always does.

Mrs. J. W. Taulbee, of Daysboro, and son Taylor is visiting her brother, William Taylor, of Frenchburg, this week.

Misses India and Mollie Cold-iron called on ye scribe Saturday, and went from here to spend the night with their grandfather and mother Brooks.

Ye scribe and brother attended Sunday school at Daysboro Sunday, and the most striking feature was the gray haired children were there. Show us a school where the parents attend, and there will be no need of asking where their children are. Oh! give us more live energetic Sunday school workers, and the river banks will be lonely of Sundays, and the poor little fish will have sweet rest.

We wish to return our thanks to those who gave us birthday presents last week. We would like to mention each article and the donors name, but we hold them too sacred, but they may rest assured that all such acts of kindness is highly appreciated by us; we shall keep those things in grateful remembrance of the one who gave them, and only hope that in the near future that we may be able to return the compliments.

That Maytown compliment last week did us more good than all the rest of THE HERALD, and we return

it two fold. This is the queerest world we ever lived in. While some want us to keep our seat, others want us to push along, keep moving; some think that because we neither have a vote or a voter, that we ought to keep still. But we are not built that way. We are going to electioneer for our friends, and try and win our Uncle to our faith.

### LIVELY IN TENTH.

Democratic Congressional Committee to Meet May 19th.

The democratic congressional committee of the Tenth district will meet in Prestonburg, Floyd county on the 19th of May.

This meeting is causing much speculation in that district, and the outcome seems to be rather doubtful.

A gentleman from Jackson, Ky., was in Lexington Monday and when questioned on the subject said: "Messrs. J. B. White, of Estill county; Amos Davis, of Morgan county; Sanford Bailey, of Elliott county, and D. W. Gardner, of Magoffin county, have announced themselves as contestants for the nomination, while O. H. Pollard, of Breathitt county and J. E. Cooper, of Montgomery county, will probably be in the race, although they have not given it out that they will be. Just who will be the successful man is in doubt, as all are strong men. The gentleman interviewed stated that he was in Stanton Monday when the republicans of Powell county met to select delegates to attend that appellate court district convention to be held at Louisa, June 6th.

He said: "The delegates selected were instructed for Hon. Rollin Burns as judge of the court of appeals. This came as a thunder bolt to the friends of the opposite side who were strong for Hon. Ed. C. O'Rear, of Montgomery county. The Burns faction easily controlled the convention.

As Powell county is republican the nomination is equivalent to an election, consequently there was a lively scramble. Resolutions were adopted endorsing Governor Taylor's administration and that of President McKinley. The delegates for the state convention were instructed for McKinley.

A full commercial department will be established in connection with H. G. A., during the next session. Two full courses will be maintained and the young men and women of Eastern Kentucky will find here just what they want in a commercial education. The short-hand course will include the first year's work in the English course of the academy, and stenography, correspondence, &c. Tuition in either course \$20 for five months; in the two course combined \$30.00 for five months.

Dewey, the hero of Manila, is swinging around the circle and incidentally canvassing in his interest for the democratic nomination. But in the meantime Bryan grows stronger day by day, and the Kansas City convention will name him as the man.

The decision of the supreme court in the matter of the contest between Gov. Beckham and Gov. Taylor will be handed down on Monday next.

Governor Roosevelt has been to Washington and has heard the worst.

## EDITORIAL BRIEFS.

As Auginaldo has come to life again, Otis will have to return.

Senator Clark of Montana neither has resigned nor is resigned.

Now somebody has mounted a street organ on an automobile. We are patient, but really this is too much.

Now that Emperor William's son is of age, it is about time to stop calling the old man the "young Emperor."

The elections in Minnesota are not encouraging to the republican belief that the Porto Rican storm has blown over.

After all its talk of being progressive, New York is the only large city in the country that still uses horse cars and seems to like them.

The efforts of the republican press and the press associations to belittle Admiral Dewey's western trip are more amusing than surprising.

A Missouri congressman is catching it because he franked his dirty linen home as "public documents." Well, that is better than washing it in public.

Unless all signs fail, the best way for the populists to defeat their candidate for vice president is to try to force him on the democratic convention.

Usually it is the lamb who gets shorn in Wall Street. If Gates has changed this custom and has succeeded in skinning the wolves, a good many people will think that it is merely justice.

The weakness of Secretary Long appears from the fact that Admiral Crowninshield, who has charge of such matters, has dared to reward Captain Chadwick for slandering Schley before the ink on the secretary's reprimand was dry.

It is probable that the transport carrying General Otis home, will try to touch at some point in order to give him a chance to forward another of his justly famous dispatches declaring that he has just put an end to the war.

A United States officer has invented a shell which penetrates Krupp armor as if it were paper. Now how about the enormous prices that the republicans have been trying to pay to the Homestead and Bethlehem works for this sort of armor?

The announcement of the discovery of a projectile that penetrates Krupp armor explains why Freck and Carnegie managed to get together so quickly. Who was it that said something about the cohesive force of public plunder?

Bobs is pursuing the very same tactics Miles did in Porto Rico. That is, he is flanking the Boers continually and making them give way. But Miles had no predecessor in Porto Rico to show the resistance that might have been offered to any other sort of attack.

Judge Lochron's decision declaring that Porto Rico is part of the United States is an appalling blow to the administration. They will refuse to act under it, of course, but the people will take note of the opinion of the judiciary on the subject.

Colonel Webster Davis has furnished the newspapers with a resume—written in the third person—of the reasons why he should be nominated for vice-president. The gist of it seems to be that he would catch the Boer vote while McKinley would catch the British vote. Then they can call all action a stand-off.

The utterly farcical character of Captain Chadwick's reprimand for slandering Schley is found in the orders issued to him the very next day directing him to report at Newport for special duty during

the coming summer. This means that he will have a pleasant summer and nothing to do. Like Eagan, who received six years vacation on full pay for slandering Miles, Captain Chadwick has learned that it pays to attack those out of favor with the administration.

If Senator Morgan can get the Nicaraguan canal bill reported to the senate, he may be able to force a vote which will show who are the friends and who the enemies of the measure. Possibly it might force McKinley to come out of his hole. But Senator Hanna is fighting against any action by the committee and he will probably be able to prevent any.

## OUR GLORIOUS COUNTRY.

Have you watched its marvelous growth? If not, The Weekly Enquirer wants to study the strides it has made. The first census of the United States was taken in 1810. Since then every succeeding ten years. The result has been as follows:

| Year.     | Population. | Year.     | Population. |
|-----------|-------------|-----------|-------------|
| 1810..... | 7,239,581   | 1860..... | 31,443,321  |
| 1820..... | 9,633,822   | 1870..... | 38,558,371  |
| 1830..... | 12,866,020  | 1880..... | 50,155,783  |
| 1840..... | 17,059,453  | 1890..... | 62,622,250  |
| 1850..... | 23,191,876  |           |             |

Here you have the figures of a basis of calculation. The problem now is: What will be the population of the United States, excluding recent acquisitions. The result is usually announced in July of the census year.

The WEEKLY ENQUIRER is anxious to engage all in a study of their country. To this end it will distribute cash amounting to \$25,000, for solutions received of the population of the United States Census, as follows:

|                                              |            |

is robbed of its terrors by the fact that the best medical authorities state that it is a curable disease; and one of the happy things about it is, that its victims rarely ever lose hope.

## MAY BEAUTIES.

Usurping March has flown away  
And changeless April had its day;  
Then next comes May, how grand, how sweet  
Its raiment of beauty the earth does greet.  
See how the daisies sweetly peep,  
And soon the pastures will be sweet  
With buttercups and violets blue,  
And charming buds of yellow hue.  
May is the spring of joy and mirth,  
And gives to flowers their second birth.  
We welcome thee at one most dear,  
As O, the fairest of the year.  
We feel thy gentle, gentle breeze,  
And see the leaves dance on the trees,  
And on the boughs the birds do sing  
While infant blossoms sweetly cling.  
Fair spring—the love of joy and grace,  
Does O, thy radiant form embrace,  
And nature's pencil e'er can portray  
The beauties of the month of May.  
SARAH WILSON.

## FOR SALE.

Having decided to remove from Hazel Green I will sell all of my SHOP TOOLS AND FIXTURES, including BELLOWS, ANVIL, VISES, SCREW-PLATES, TIRE SHRINKERS, BENDERS, DRILL, etc., etc., too numerous to mention in detail. This is a good chance for some enterprising man to buy my entire interest in the firm of ROSE & DAVIS, and reap the reward of my labor in building up the trade the firm now enjoys. But unless I get an offer at once the tools, etc., will be sold in quantities to suit. In the shop is a large lot of blacksmith and wagon makers' material, such as iron, steel, bolts, seasoned lumber, etc., to be disposed of in the same way.

Also, all of my HOUSEHOLD AND KITCHEN FURNITURE will be sold in quantities to suit purchasers, and the early callers will get bargains. A horse, harness, two saddles and a good milk cow will be sold.

The old man, you remember, tried to coax the boy out of the apple tree, and falling in that he resorted to rocks. I hope I won't have to throw any. Respectfully,

## ST. PETER AT THE GATE.

From the Saturday Blade of Feb. 22, '96.

St. Peter stood guard at the golden gate  
With solemn mien and an air sedate,  
When up to the top of the golden stair  
A man and a woman ascending there  
Applied for admission. They came and stood  
Before St. Peter, so great and good,  
In hopes the City of Peace to win—  
And asked St. Peter to let them in.

The woman was tall and lank and thin,  
With a scraggy beardless upon her chin.  
The man was short and thick and stout,  
His stomach was built so it rounded out;  
His face was pleasant and all the while  
He wore a kindly and gentle smile.  
The harp in the distance the echoes woke,  
And the man kept still while the woman spoke.

"Oh, thou who guardest the gate," said she,  
"We two come hither beseeching thee  
To let us enter the heavenly land,  
And play our harps with the angel band.  
Of me, St. Peter, there is no doubt,  
There's nothing from heaven to bar me out;  
I've been to meeting three times a week,  
And almost always I'd rise and speak."

"I've told the sinners about the day  
When they'd repent of their evil way.  
I've told my neighbors—I've told 'em all  
'Bout Adam and Eve, and the primal fall;  
I've shown them what they'd have to do  
If they'd pass in with the chosen few;  
I've marked their path of duty clear—  
Laid out the path for their whole career."

"I've talked and talked to 'em loud and long,  
For my lungs are good, and my voice is strong.  
So, good St. Peter, you'll clearly see  
The gate of Heaven is open to me;  
Put my old man, I regret to say,  
Hasn't walked in exactly the narrow way,  
He smokes and he swears and grave faults  
He's got."

"And I don't know whether he'll pass or not  
"He never would pray with an earnest vim,  
Or go to a revival, or join in a hymn.  
So I had to leave him in sorrow there  
While I with the chosen unite in prayer.  
He ate what the pantry chanced to afford,  
While I in my purity sang to the Lord.  
And if cucumbers were all he got  
It's a chance if he merited them or not."

"But oh, St. Peter, I love him so!  
To the pleasure of Heaven please let him go  
I've done enough—a saint I've been,  
Wouldn't that atone? Can't you let him in?  
By my grim gospel I know 'tis so.  
That the unrepentant must fry below,  
But isn't there some way that you can see  
That he may enter who's dear to me?"

"It's narrow gospel by which I pray,  
But the chosen expect to find some way  
Of coaxing or fooling or bribing you  
So that their relations can amble through.  
And say, St. Peter, it seems to me  
This gate isn't kept as it ought to be,  
You ought to stand by that opening there  
And never sit down in that chair."

"And say, St. Peter, my sight is dimmed,  
But I don't like the way your whiskers are  
Trimmed.  
They're cut too wide and outward toss,  
They'd look better narrow and cut straight  
across.  
Well, we must be going our crows to win.  
So open, St. Peter, and we'll pass in."

St. Peter sat quiet and stroked his staff,  
But, spite of his office he had to laugh.  
Then said, with a fiery gleam in his eye,  
"Who's tending this gateway—you or I?"  
And then he rose in his stature tall,  
And pressed a button upon the wall.  
And said to the imp who answered the bell,  
"Escort this lady around to—"

The man stood still as a piece of stone—  
Stood sadly, gloomily there alone.  
A life-long settled idea he had,  
That his wife was good and he was bad,  
He thought if the woman went down below,  
That he would certainly have to go;  
That if she went to the regions dim  
There wasn't a ghost of a show for him.

Slowly he turned by habit bent  
To follow wherever the woman went.  
St. Peter standing on duty there,  
Observed that the top of his head was bare.  
He called the gentleman back and said:  
Friend, how long have you been wed?  
"Thirty years," (with a weary sigh.)  
And then he added, "Why?"

St. Peter was silent. Then he bent down,  
Raised his hand and scratched his crown,  
Then seeming a different thought to take,  
Slowly half to himself he spake,  
"Thirty years with that woman there?  
No wonder the man hasn't any hair.  
Swearing is wicked, smoking not good,  
He smoked and swore—I should think he would."

"Thirty years with that tongue so sharp?  
Ho, Angel Gabriel, give him a harp.  
A jeweled one with a golden string,  
Good sir, pass in where the angels sing,  
Gabriel give him a seat alone—  
One with a cushion—up near the throne.  
Call up some angels to play their best,  
Let him enjoy the music and rest."

"See that on finest ambrosia he feeds,  
He's had about all the bitter he needs,  
It isn't hardly the thing to do,  
To roast him on earth and in future, too."

They gave him a harp with golden strings,  
A glittering robe and a pair of wings,  
And he said as he entered the Realm of Day,  
"Well this beats cucumbers, any way."  
And so the Scriptures had come to pass:  
"The last shall be first and the first shall be last."

Bob Cecil and Chas. Carter were

His Success.

People in the neighborhood of Creston,  
Iowa, are amazed at the number of eggs  
that this man drives to market with.  
When asked what was the cause of his  
hens being so prolific, he stated it was  
all in a certain compound he was using,  
that kept his hens in good condition and  
furnished them with the proper stimulus  
to egg production. American Poultry  
Mixture is the name of it, and it is made  
by American Mfg. Co., Terre Haute, Ind.  
Every man in the poultry business is in-  
terested in the health of his hens and  
their laying capacity. In the eggs lie  
his profits. This mixture is guaranteed  
to increase the production of eggs 100  
per cent or money refunded. It will do  
more than three times as much as the  
same amount of any other compound.  
It is concentrated in form and the result  
of years of practical experience in the  
poultry business. There is absolutely  
no doubt as to what it will do, and you  
are invited to try it at the expense of  
the company. Send \$1.00 for a sample  
package and if it doesn't do the work  
you get your money back. This is fair  
and is made to induce practical poultry-  
men to give it a trial. It is also a sure  
preventive of such diseases as the terri-  
ble cholera and roup which create such  
havoc in all parts of the country. It  
acts directly on the craw and gizzard and  
is a thoroughly scientific preparation.

The manufacturers guarantee every  
package or refund purchase money. If  
your druggist don't sell American Poul-  
try Mixture he's behind the age. In  
that case order direct from American  
Manufacturing Co., Terre Haute, Ind.

## "WHITAR" ONLY WHITE TAR SOAP IN THE WORLD.

Whitar Soap is a luxurious  
and purified  
toilet soap and  
superior to the  
old black tar  
soaps in every  
way.  
It contains all the healing  
and antiseptic  
properties of  
the black tar  
soaps, with entire freedom from their objec-  
tionable features.  
It soils neither towel nor wash bowl, for its  
lather is snow-white.  
It lathers in **Hard** or soft water far more  
freely than other tar soaps, and, being 100 per  
cent pure, outlasts any of "the filled" soaps  
of equal size.  
It contains much more glycerine than other  
soaps, and this together with its soft thick lather  
make it a king among shampoo soaps. In the  
treatment of skin, scalp and hair diseases,  
aggravated cases of dandruff, scald head, fall-  
ing hair, etc., Whitar is highly recommended.  
Physicians recommend it for babies' baths,  
and in cases of chafe or heat rash, the soap is  
peculiarly efficacious.

Ask your dealer for it.

The Leading Specialists of America  
20 YEARS IN OHIO.  
250,000 Cured.

### WE CURE STRICTURE

Thousands of young and middle-aged  
men are troubled with this disease—many  
unconsciously. They may have a smart-  
ing sensation, small, twisting stream,  
sharp cutting pains at times, slight dis-  
charges, difficulty in commencing, weak  
organs, emissions, and all the symptoms  
of nervous debility—they have STRICTURE.  
Don't let doctors experiment on  
you, by cutting, stretching, or tearing  
you. This will not cure you, as it will re-  
turn. Our NEW METHOD TREAT-  
MENT absorbs the stricture tissue;  
hence removes the stricture permanently.  
It can never return. No pain, no suffer-  
ing, no detention from business by our  
method. The sexual organs are strength-  
ened. The nerves are invigorated, and  
the bliss of manhood gleets.

### WE CURE GLEET

Thousands of young and middle-aged  
men are having their sexual vigor and  
vitality continually sapped by this dis-  
ease. They are frequently unconscious  
of the cause of these symptoms. General  
Weakness, Unnatural Discharges, Fail-  
ing Manhood, Nervousness, Poor Mem-  
ory, Irritability, at times Smarting Sen-  
sation, Sunk Eyes, with dark circles,  
Weak Back, General Depression, Lack  
of Ambition, Varicocele, Shrunken  
Parts, etc., GLEET and STRICTURE  
may be the cause. Don't consult family  
doctors, as they have no experience in  
these special diseases—don't allow  
quacks to experiment on you. Consult  
specialists, who have made a life study of  
Diseases of Men and Women. Our NEW  
METHOD TREATMENT will posi-  
tively cure you. One thousand dollars  
for a case we accept for treatment and  
cannot cure. Terms moderate for a cure.

## COUNTY NEWS NOTES.

To insure insertion ALL correspondence must be in this office by Monday night of each week, and that nearly on Monday morning.

Our correspondents are derelict in duty and we want to say that henceforth they will not receive papers except for the week they have news letters. We are dependent upon them for the news and when they fail to send in their favors they put us to great inconvenience.

### SWANGO SPRINGS SAYINGS.

Miss Eliza Nickell was in your town shopping Friday.

Rush Swango went over to Camp-ton Saturday to see the base ball game.

J. K. Cockeram, proprietor of the Combs house at Campton, gave us a call Thursday.

Felix Craft and wife attended the meeting at Salem Saturday and Sunday.

Ova Swango and wife, of Hazel Green Heights, were pleasant callers at the Springs Monday.

Mrs. D. B. May spent Thursday with her sister-in-law, Mrs. W. P. Cecil, and reports her improving.

Messrs Bascom and Rice, of Sharpsburg, arrived here Sunday for a lengthy stay at the Springs.

Jack frost, an uninvited guest, was with us part of last week and we are sorry to say, he was such a big eater he scarcely left us with anything in our garden.

S. H. Nickell and Miss Mabel Cross, of the academy lodge, were taking in the sights and enjoying a horse back ride out this way Friday. This certainly is one case in which the Cross is no burden, but seemingly of much pleasure.

May 14. Uno.

### SUNNY SIDE.

Grant Lacy came up Sunday to see his parents, Uncle Newt Lacy and wife.

J. T. Day lost several panels of fence by fire last week. No insurance.

Our landlord spent Saturday in Campton, and reports a fine large day over there. Ha! ha!

Uncle Rastus Brooks is visiting his daughter, Mrs. Tennie Spencer, of Menefee county, this week.

Aunt Kitty Nickell, of Grassy, is spending a few days with her brother, J. E. Brooks and family.

Ova Swango attended the base ball at Campton Saturday. Guess he had a good time, he always does.

Mrs. J. W. Taulbee, of Daysboro, and son Taylor is visiting her brother, William Taylor, of Frenchburg, this week.

Misses India and Mollie Cold-iron called on ye scribe Saturday, and went from here to spend the night with their grandfather and mother Brooks.

Ye scribe and brother attended Sunday school at Daysboro Sunday, and the most striking feature was the gray haired children were there. Show us a school where the parents attend, and there will be no need of asking where their children are. Oh! give us more live energetic Sunday school workers, and the river banks will be lonely of Sundays, and the poor little fish will have sweet rest.

We wish to return our thanks to those who gave us birthday presents last week. We would like to mention each article and the donors name, but we hold them too sacred, but they may rest assured that all such acts of kindness is highly appreciated by us; we shall keep those things in grateful remembrance of the one who gave them, and only hope that in the near future that we may be able to return the compliments.

That Maytown compliment last week did us more good than all the rest of THE HERALD, and we return

it two fold. This is the queerest world we ever lived in. While some want us to keep our seat, others want us to push along, keep moving; some think that because we neither have a vote or a voter, that we ought to keep still. But we are not built that way. We are going to electioneer for our friends, and try and win our Uncle to our faith.

May 15. SUSIE SUNBEAM.

Gevedon, of Grassy Lick; Thomas Lee and wife, Andy Blankenship, wife and children, Grant Nickell and family, Mrs. Cal Cundiff and children, Hiram Blankenship and family, John Wallace, wife and family, Mrs. Barney Blankenship and family, Miss Alice Wills, of Hazel Green—numbering 42 in all. ### LIVELY IN TENTH.

#### Democratic Congressional Committee to Meet May 19th.

The democratic congressional committee of the Tenth district will meet in Prestonburg, Floyd county on the 19th of May.

This meeting is causing much speculation in that district, and the outcome seems to be rather doubtful.

A gentleman from Jackson, Ky., was in Lexington Monday and when questioned on the subject said: "Messrs. J. B. White, of Estill county; Amos Davis, of Morgan county; Sanford Bailey, of Elliott county, and D. W. Gardner, of Magoffin county, have announced themselves as contestants for the nomination, while O. H. Pollard, of Breathitt county and J. E. Cooper, of Montgomery county, will probably be in the race, although they have not given it out that they will be. Just who will be the successful man is in doubt, as all are strong men. The gentleman interviewed stated that he was in Stanton Monday when the republicans of Powell county met to select delegates to attend that appellate court district convention to be held at Louisa, June 6th.

He said: "The delegates selected were instructed for Hon. Rollin Burns as judge of the court of appeals. This came as a thunder bolt to the friends of the opposite side who were strong for Hon. Ed. C. O'Rear, of Montgomery county. The Burns faction easily controlled the convention.

As Powell county is republican the nomination is equivalent to an election, consequently there was a lively scramble. Resolutions were adopted endorsing Governor Taylor's administration and that of President McKinley. The delegates for the state convention were instructed for McKinley.

A full commercial department will be established in connection with H. G. A., during the next session. Two full courses will be maintained and the young men and women of Eastern Kentucky will find here just what they want in a commercial education. The business course will include the first year's work in the English course of the academy, and book-keeping in all its forms, commercial arithmetic, commercial laws, correspondence, &c. The short-hand course will include the first year's work in the English course of the academy, and stenography, correspondence, &c. Tuition in either course \$20 for five months; in the two course combined \$30.00 for five months.

### Chautauqua.

The fourteenth annual session of the Kentucky Chautauqua will be held at Woodland Park, Lexington, Ky., June 26 to July 6. A splendid program has been arranged that will surpass any yet given. Some of the most notable lectures and entertainers in America have been engaged. A great musical program will be presented, and many new and special features. The detailed program will be mailed to any address upon application to Chas. Scott, Business Manager, Lexington, Ky.

Dewey, the hero of Manila, is swinging around the circle and incidentally canvassing in his interest for the democratic nomination. But in the meantime Bryan grows stronger day by day, and the Kansas City convention will name him as the man.

The decision of the supreme court in the matter of the contest between Gov. Beckham and Gov. Taylor will be handed down on Monday next.

Governor Roosevelt has been to Washington and has heard the worst.

## EDITORIAL BRIEFS.

As Auginaldo has come to life again, Otis will have to return.

Senator Clark of Montana neither has resigned nor is resigned.

Now somebody has mounted a street organ on an automobile. We are patient, but really this is too much.

Now that Emperor William's son is of age, it is about time to stop calling the old man the "young Emperor."

The elections in Minnesota are not encouraging to the republican belief that the Porto Rican storm has blown over.

After all its talk of being progressive, New York is the only large city in the country that still uses horse cars and seems to like them.

The efforts of the republican press and the press associations to belittle Admiral Dewey's western trip are more amusing than surprising.

A Missouri congressman is catching it because he franked his dirty linen home as "public documents." Well, that is better than washing it in public.

Unless all signs fail, the best way for the populists to defeat their candidate for vice president is to try to force him on the democratic convention.

Usually it is the lamb who gets shorn in Wall Street. If Gates has changed this custom and has succeeded in skinning the wolves, a good many people will think that it is merely justice.

The weakness of Secretary Long appears from the fact that Admiral Crowninshield, who has charge of such matters, has dared to reward Captain Chadwick for slandering Schley before the ink on the secretary's reprimand was dry.

It is probable that the transport carrying General Otis home, will try to touch at some point in order to give him a chance to forward another of his justly famous dispatches declaring that he has just put an end to the war.

A United States officer has invented a shell which penetrates Krupp armor as if it were paper. Now how about the enormous prices that the republicans have been trying to pay to the Homestead and Bethlehem works for this sort of armor?

The announcement of the discovery of a projectile that penetrates Krupp armor explains why Freck and Carnegie managed to get together so quickly. Who was it that said something about the cohesive force of public plunder?

Bobs is pursuing the very same tactics Miles did in Porto Rico. That is, he is flanking the Boers continually and making them give way. But Miles had no predecessor in Porto Rico to show the resistance that might have been offered to any other sort of attack.

Judge Lochren's decision declaring that Porto Rico is part of the United States is an appalling blow to the administration. They will refuse to act under it, of course, but the people will take note of the opinion of the judiciary on the subject.

Colonel Webster Davis has furnished the newspapers with a resume—written in the third person—of the reasons why he should be nominated for vice-president. The gist of it seems to be that he would catch the Boer vote while McKinley would catch the British vote. Then they can call all action a stand-off.

The utterly farcical character of Captain Chadwick's reprimand for slandering Schley is found in the orders issued to him the very next day directing him to report at Newport for special duty during

the coming summer. This means that he will have a pleasant summer and nothing to do. Like Eagan, who received six years vacation on full pay for slandering Miles, Captain Chadwick has learned that it pays to attack those out of favor with the administration.

If Senator Morgan can get the Nicaraguan canal bill reported to the senate, he may be able to force a vote which will show who are the friends and who the enemies of the measure. Possibly it might force McKinley to come out of his hole. But Senator Hanna is fighting against any action by the committee and he will probably be able to prevent any.

## OUR GLORIOUS COUNTRY.

Have you watched its marvelous growth? If not, The Weekly Enquirer wants to study the strides it has made. The first census of the United States was taken in 1810. Since then every succeeding ten years. The result has been as follows:

| Year.     | Population. | Year.     | Population. |
|-----------|-------------|-----------|-------------|
| 1810..... | 7,239,881   | 1860..... | 31,443,321  |

2497 cash presents amounting to \$25,000.00 In case of a tie, money equally divided.

Every guess on the above proposition must be accompanied by a year's subscription to the WEEKLY ENQUIRER.

You can guess as often as you care to include subscription price to the WEEKLY ENQUIRER.

## MAY BEAUTIES.

Usurping March has flown away  
And change April had its day;  
Then next comes May, how grand, how sweet  
Its raiment of beauty the earth does greet.  
See how the daisies sweetly peep,  
And soon the pastures will be sweet  
With buttercups and violets blue,  
And charming buds of yellow hue.  
May is the spring of joy and mirth,  
And gives to flowers their second birth.  
We welcome thee at one most dear,  
As O, the fairest of the year.  
We feel thy gentle, gentle breeze,  
And see the leaves dance on the trees,  
And on the boughs the birds do sing  
While infant blossoms sweetly cling.  
Fair spring—the love of joy and grace,  
Does O, thy radiant form embrace,  
And nature's pencil e'er can portray  
The beauties of the month of May.  
SARAH WILSON.

## THE BEST

Food for Intellectual Thought.

No man can truly intelligently unless he thinks intelligently. In this time of "wars and rumors of wars" the greatest aid to intelligent thinking and the best food for intelligent thought is that newspaper which is greatest and best.

Important political issues are daily growing more important. An intelligent understanding of the policy of a nation or a great political party is something to be desired and it is the duty of every citizen to thoroughly inform himself upon the leading topics of the day.

THE SEMI-WEEKLY REPUBLIC is the greatest and best of all newspapers. Its telegraphic and cable news service exceeds that of any other paper. It prints the news fully, not imaginative occurrences, but domestic and world-distant, fully authenticated facts.

The policies of the great political parties are now being forced and the candidates discussed. Now is the time to subscribe for the best medium of keeping in touch with the whole world—THE SEMI-WEEKLY REPUBLIC.

No less worthy of attention is THE REPUBLIC'S Sunday Magazine. It is replete each issue with the best of special articles written by the best of literary talent. Its beautiful halftone illustrations have already made it famous and their quality and quantity will be preserved.

News features of absorbing attraction are illustrated and enlarged upon in a manner equal to the high priced magazines. Events of current interest are set forth in entertaining style. There is humor in its pages, too, and for the benefit of the ladies the latest Paris fashions are each week capably illustrated and described. THE REPUBLIC'S Sunday Magazine is standard.

The subscription price of THE SEMI-WEEKLY REPUBLIC is \$1.00 per year. THE REPUBLIC'S Sunday Magazine \$1.25 per year. Both papers are now being offered at the low price of \$1.50 for one year. To secure this low rate both must be ordered and paid for at the same time. Address all orders to THE REPUBLIC, St. Louis, Mo.

## FOR SALE.

Having decided to remove from Hazel Green I will sell all of my SHOP TOOLS AND FIXTURES, including BELLOWS, ANVIL, VISES, SCREW-PLATES, TIRE SHRINKERS, BENDERS, DRILL, etc., etc., too numerous to mention in detail. This is a good chance for some enterprising man to buy my entire interest in the firm of ROSE & DAVIS, and reap the reward of my labor in building up the trade the firm now enjoys. But unless I get an offer at once the tools, etc., will be sold in quantities to suit. In the shop is a large lot of blacksmith and wagon makers' material, such as iron, steel, bolts, seasoned lumber, etc., to be disposed of in the same way.

Also, all of my HOUSEHOLD AND KITCHEN FURNITURE will be sold in quantities to suit purchasers, and the early callers will get bargains. A horse, harness, two saddles and a good milk cow will be sold.

## ST. PETER AT THE GATE.

From the Saturday Blade of Feb. 22, '96.

St. Peter stood guard at the golden gate  
With solemn mien and an air sedate,  
When up to the top of the golden stair  
A man and a woman ascending there  
Applied for admission. They came and stood  
Before St. Peter, so great and good,  
In hopes the City of Peace to win—  
And asked St. Peter to let them in.

The woman was tall and lank and thin,  
With a scraggy beardless upon her chin.  
The man was short and thick and stout,  
His stomach was built so it rounded out;  
His face was pleasant and all the while  
He wore a kindly and gentle smile.  
The harp in the distance the echoes woke,  
And the man kept still while the woman spoke.

"Oh, thou who guardest the gate," said she,  
"We two come hither beseeching thee  
To let us enter the heavenly land,  
And play our harps with the angel band.  
Of me, St. Peter, there is no doubt,  
There's nothing from heaven to bar me out;  
I've been to meeting three times a week,  
And almost always I'd rise and speak."

"I've told the sinners about the day  
When they'd repent of their evil way.  
I've told my neighbors—I've told 'em all  
'Bout Adam and Eve, and the primal fall;  
I've shown them what they'd have to do  
If they'd pass in with the chosen few;  
I've marked their path of duty clear—  
Laid out the path for their whole career."

"I've talked and talked to 'em loud and long,  
For my lungs are good, and my voice is strong.  
So, good St. Peter, you'll clearly see  
The gate of Heaven is open to me;  
Put my old man, I regret to say,  
Hasn't walked in exactly the narrow way,  
He smokes and he swears and grave faults  
He's got."

"And I don't know whether he'll pass or not  
To the pleasure of Heaven please let him go  
I've done enough—a saint I've been,  
Wouldn't that atone? Can't you let him in?  
By my grim gospel I know 'tis so.  
That the unrepentant must fry below,  
But isn't there some way that you can see  
That he may enter who's dear to me?"

"It's narrow gospel by which I pray,  
But the chosen expect to find some way  
Of coaxing or fooling or bribing you  
So that their relations can amble through.  
And say, St. Peter, it seems to me  
This gate isn't kept as it ought to be,  
You ought to stand by that opening there  
And never sit down in that chair."

"And say, St. Peter, my sight is dimmed,  
But I don't like the way your whiskers are  
Trimmed.  
They're cut too wide and outward toss,  
They'd look better narrow and cut straight  
across.  
Well, we must be going our crows to win.  
So open, St. Peter, and we'll pass in."

St. Peter sat quiet and stroked his staff,  
But, spite of his office he had to laugh.  
Then said, with a fiery gleam in his eye,  
"Who's tending this gateway—you or I?"  
And then he rose to his stature tall,  
And pressed a button upon the wall.  
And said to the imp who answered the bell,  
"Escort this lady around to—"

The man stood still as a piece of stone—  
Stood sadly, gloomily there alone.  
A life-long settled idea he had,  
That his wife was good and he was bad,  
He thought if the woman went down below,  
That he would certainly have to go;  
That if she went to the regions dim  
There wasn't a ghost of a show for him.

Slowly he turned by habit bent  
To follow wherever the woman went.  
St. Peter standing on duty there,  
Observed that the top of his head was bare.  
He called the gentleman back and said:  
"Friend, how long have you been wed?"  
"Thirty years," (with a weary sigh,)  
And then he added, "Why?"

St. Peter was silent. Then he bent down,  
Raised his hand and scratched his crown,  
Then seeming a different thought to take,  
Slowly half to himself he spake,  
"Thirty years with that woman there?  
No wonder the man hasn't any hair.  
Swearing is wicked, smoking not good,  
He smoked and swore—I should think he would."

"Thirty years with that tongue so sharp?  
Ho, Angel Gabriel, give him a harp.  
A jiveled one with a golden string,  
Good sir, pass in where the angels sing,  
Gabriel give him a seat alone—  
One with a cushion—up near the throne.  
Call up some angels to play their best,  
Let him enjoy the music and rest."

"See that on finest ambrosia he feeds,  
He's had about all the bitter he needs,  
It isn't hardly the thing to do,  
To roast him on earth and in future, too."

They gave him a harp with golden strings,  
A glittering robe and a pair of wings,  
And he said as he entered the Realm of Day,  
"Well this beats cucumbers, any way."  
And so the Scriptures had come to pass:  
"The last shall be first and the first shall be last."

## FOUND A GOLD MINE. 'T WAS IN HIS POULTRY YARD.

Man in Iowa Uses a Compound That  
Makes His Hens Lay Double the  
Usual Number Summer and  
Winter. The Secret of  
His Success.

People in the neighborhood of Creston,  
Iowa, are amazed at the number of eggs  
that this man drives to market with.  
When asked what was the cause of his  
hens being so prolific, he stated it was  
all in a certain compound he was using,  
that kept his hens in good condition and  
furnished them with the proper stimulus  
to egg production. American Poultry  
Mixture is the name of it, and it is made  
by American Mfg. Co., Terre Haute, Ind.  
Every man in the poultry business is in-  
terested in the health of his hens and  
their laying capacity. In the eggs lie  
his profits. This mixture is guaranteed  
to increase the production of eggs 100  
per cent or money refunded. It will do  
more than three times as much as the  
same amount of any other compound.  
It is concentrated in form and the result  
of years of practical experience in the  
poultry business. There is absolutely  
no doubt as to what it will do, and you  
are invited to try it at the expense of  
the company. Send \$1.00 for a sample  
package and if it doesn't do the work  
you get your money back. This is fair  
and is made to induce practical poultry-  
men to give it a trial. It is also a sure  
preventive of such diseases as the terri-  
ble cholera and roup which create such  
havoc in all parts of the country. It  
acts directly on the craw and gizzard and  
is a thoroughly scientific preparation.

The manufacturers guarantee every  
package or refund purchase money. If  
your druggist don't sell American Poul-  
try Mixture he's behind the age. In  
that case order direct from American  
Manufacturing Co., Terre Haute, Ind.

## "WHITAR" ONLY WHITE TAR SOAP IN THE WORLD.

Whitar Soap is a luxurious  
and purified  
toilet soap and  
superior to the  
old black tar  
soaps in every  
way.  
It contains all the healing  
and antiseptic  
properties of  
the black tar  
soaps, with entire freedom from their objec-  
tionable features.  
It soils neither towel nor wash bowl, for its  
lather is snow-white.  
It lathers in **Hard** or soft water far more  
freely than other tar soaps, and, being 100 per  
cent pure, outlasts any of "the filled" soaps  
of equal size.  
It contains much more glycerine than other  
soaps, and this together with its soft thick lather  
make it a king among shampoo soaps. In the  
treatment of skin, scalp and hair diseases,  
aggravated cases of dandruff, scald head, fall-  
ing hair, etc., Whitar is highly recommended.  
Physicians recommend it for babies' baths,  
and in cases of chafe or heat rash, the soap is  
peculiarly efficacious.

Ask your dealer for it.
